CORE: Children of Restaurant Employees (@COREgives) was founded by beverage industry executives who wanted to give back to hospitality industry. CORE: Children of Restaurant Employees is a national non-profit dedicated to serving food and beverage employees with children to provide financial relief when either the parent or their child faces a health crisis, injury, death or natural disaster.

As the world faces the biggest pandemic in our lifetime, CORE is honoring its mission by providing support to these service employees, with children, who have been medically diagnosed or living in the same household with a family member diagnosed with COVID-19 and under medical directive to quarantine. Grants average \$2,500 and cover rent or mortgage, utilities, medical bills, therapy sessions or equipment, for family or childcare costs. Qualified applicants must be able to document a qualifying event such as a diagnosed medical condition, Injury or accident, death of an immediate family member or loss of home from fire or natural disaster.

Please encourage qualified restaurant operations employees with children to apply online at www.COREgives.org. You can also refer a family on-line.
