HELPING RESTAURANT FAMILIES RISE

**INSPIRING
HOPE**
HELP RESTAURANT FAMILIES RISE

Children of Restaurant Employees, CORE, is excited to announce the launch of Inspiring Hope, May 17, 2021 a new national campaign dedicated to raising funds to support families of food and beverage operations employees with children.

CORE, a 501(c)3 provides financial relief when either the employee or their child faces a health crisis, injury, death, loss of home or place of work due to a natural disaster. Our industry has been hit hard over the last year and these employees do not always have a safety net in place. CORE can help these families with your financial support.

We invite the supplier community to support this campaign in a cause they can feel good about. Imagine learning that your young child has leukemia. You miss work to meet with doctors and through their treatment. With medical bills mounting you wonder how to support your family. Or you had an accident that resulted in an injury that made you unable to work and miss income. You struggle to cover your bills. Then you learn of CORE and apply for a grant. When you receive the call that you are approved and that CORE will cover your rent, utilities and out of pocket medical costs, the stress of the situation lifts and you feel hope for the future.

Make a \$12,000 donation or more to CORE to support 12 months of rent for CORE families. CORE will add your logo to The Inspiring Wall of Hope, that will list supporting companies on the website. This campaign will be supported through a robust public relations and social media plan.

Together, we can serve up hope for the future.
